SUMMARY

Computer Science Engineering graduate (B.Tech) with a certification in Java Full Stack Development and strong proficiency in Java, Python, C, and C++. Experienced in building end-to-end web applications using front-end and back-end technologies, with solid foundations in Data Structures, Algorithms, Object-Oriented Programming, and Database Management. Adept at problem-solving, debugging, and writing clean, efficient code for real-world applications. Seeking to leverage technical skills, full-stack development experience, and a strong learning mindset in a challenging software development role.

TECHNICAL SKILLS

- Domain Expertise:** Java Full Stack, Python, C, C++, SQL, HTML, CSS, Excel
- Tech Stack:** JDK, Java, Spring Boot, Hibernate, HTML, CSS, JavaScript, MySQL
- Functional:** Data Visualisation, Statistics, Problem Solving, Programming
- Interpersonal:** Leadership, Clear Communication, Problem Solving, Collaboration, Passion for Innovation

PROJECTS

Institute Management System Java, Spring Boot, MySQL, HTML, CSS	May - June 2026
<i>GitHub: github.com/pratik0209/institute-management-system</i>	
- Collaborated in a team to develop an Institute Management System using Java Spring Boot and MySQL - Designed and developed the front-end interface using HTML and CSS, focusing on responsive layouts and clean UI/UX - Built and styled key pages and modules, ensuring smooth integration with back-end APIs - Contributed to overall application design consistency and improved usability across the platform	
QuickServe B.Tech Final Year Project	April - May 2026
<i>Role: Researcher / Analyst Technologies: Python, FastAPI, React</i>	
- Studied how digital platforms have improved access to home services such as plumbing, electrical repair, AC maintenance, cleaning, and appliance servicing - Identified key gaps in existing service platforms, including poor provider matching, lack of transparency, delayed responses, and weak verification - Contributed to designing an AI-based system aimed at improving matching accuracy, enabling real-time tracking, and enhancing overall user experience	

EDUCATION

JSPM University, Wagholi, Pune	2023 - 2026
<i>B.Tech - Computer Science and Engineering CGPA: 7</i>	
Amrutvahini College of Polytechnic, Sangamner	2020 - 2023
<i>Diploma in Information Technology Percentage: 80%</i>	
Residential High School, Ahmednagar, Maharashtra	2019 - 2020
<i>SSC Percentage: 85.80%</i>	

ADDITIONAL INFORMATION

- Languages:** Marathi, English, Hindi
- Certifications:**
 - Java Full Stack Development — MindScript Technologies, Viman Nagar, Pune (May 2026)
 - Python Full Stack Developer Virtual Internship — Eduskills
 - Web Designing & Development Intern — Innovations Hub Services Pvt. Ltd. (via Amrutvahini Polytechnic, Sangamner)
- Awards/Activities:** 2nd prize in Technical Poster Competition at IBM ICE Day, hosted by JSPM University
